## WORK EXPERIENCE

### Web Developer Purple Zone Pvt. Ltd.

03/2024 - Present

Pune

#### Achievements

- Developed and maintained scalable web applications , including a task management portal (DAMN) and an HRMS platform, utilizing the MERN stack.
- Incorporated responsive and interactive UI/UX features , boosting user engagement and application performance.
- Collaborated with cross-functional teams to integrate features and optimize application efficiency.
- Enforced Socket.IO for real-time communication and Google APIs for meeting information, enhancing functionality.
- Managed Git repositories, overseeing branch creation, conducting code reviews, and applying version control strategies, which improved code quality and reduced bugs by 25%.
- Designed and developed RESTful APIs for complex business logic, blended third-party APIs, and applied caching to enhance scalability and performance.

### Web Development Intern PrebBytes Pvt. Ltd.

10/2022 - 04/2023

#### Achievements

- Gained hands-on experience in web development fundamentals, including HTML, CSS, JavaScript, and foundational backend technologies.
- Acquired practical experience in project management methodologies, including Agile and Scrum, to ensure effective team cooperation and successful project execution.
- Contributed to the development of a Student Portal with features for profile management and academic record tracking, reducing manual data entry by 40%.

### Bachelor Of Computer Science Shivaji University, Kolhapur

2023

### HSC

Shivaji University, Kolhapur

2019

## SKILLS

JavaScript

TypeScript

React.js

Next.js

Node.js

Express.js

Redux

Socket.IO

HTML

CSS

Tailwind CSS

Shadcn

MongoDB

MySQL

Prisma

## PROJECTS

### Personal Portfolio [🔗](#)

- Built a Personal Portfolio using Next.js, showcasing projects and skills with a responsive interface across devices.

### Gym Management System [🔗](#)

- Technology:** Next.js, Go, Tailwind CSS, Shadcn, PostgreSQL.
- Developed a comprehensive Gym Management System utilizing Next.js for a seamless frontend experience and Go for a robust backend infrastructure.
- Designed a modern, responsive user interface with Tailwind CSS and Shadcn, ensuring intuitive navigation and accessibility across various devices.
- Implemented PostgreSQL for efficient data management , effectively handling user information, membership details, and scheduling data to ensure scalability and reliability.

### Pet Care Shop [🔗](#)

- Technology:** Next.js, Tailwind CSS, MongoDB, Prisma ORM.
- Utilized Next.js with Server Actions to create an efficient backend for the Pet Care Shop platform, ensuring seamless server-client interactions.
- Created a fully responsive user interface using Tailwind CSS and Shadcn, ensuring an intuitive and consistent user experience across all devices.
- Integrated MongoDB with Prisma ORM for robust data management, enabling real-time inventory updates, user authentication, and a dynamic product catalog.

### Fast Food Recipe [🔗](#)

- Technology:** React, Material-UI, Axios.
- Engineered a responsive Fast Food Recipe web application using React and Material-UI, delivering a modern interface and optimal user experience across devices.
- Applied effective state management with React components, ensuring seamless user interactions and high application efficiency.
- Adopted a mobile-first design approach , ensuring seamless accessibility and functionality across various screen sizes.
